

# WARRIOR Writers

**WORKSHOP**...guided writing exercises, feedback, and group discussion. Military service is like no other, and most service members, veterans and military families have a lot to write about this unique journey – whether one intends to share with others or to simply explore within. If you are a veteran or have lived in close relationship to a veteran, we invite you to join our Writers Workshop.

Facilitators: **Everett Cox** and **Sarah Mess**
